

invites you to join us for this exciting bus trip to Los Angeles!

KING TUT

TREASURES OF THE GOLDEN PHARAOH

Bus will be departing from the VA Hospital at Clinton & Fresno Streets at 7:00 am and arriving at the Los Angeles Exposition Park and the California Science Center at approximately 11:00 am. Entrance time for *King Tut* will be 12:30 pm with a recommended line-up time at noon. We have been advised that the exhibition will take several hours to explore. A 3:00 or 3:30 pm departure for a dinner stop in Chinatown and return to Fresno at approximately 10:00 pm.

**Bus Excursion: \$150 FAM members
\$165 non-members**

Price includes a free lecture, film, round trip bus fare, a breakfast snack, entrance to the *King Tut* special exhibition, a stop in Los Angeles' Chinatown (with wine before and en route) for dinner before returning to Fresno. Cost of lunch, dinner, and bus driver gratuity not included.

Lunch may be purchased at the California Science Center or brown-bagged and eaten upon arrival.

Informative talk on KING TUT and a screening of *MYSTERIES OF EGYPT*

All registered travelers and the general public are invited to join Fresno Art Museum Director & Chief Curator Michele Ellis Pracy for a talk on the exhibition and for the screening of the documentary film *Mysteries of Egypt* on **Wednesday, May 2 at 5 pm** in FAM's Bonner Auditorium.

Talk and film free to all registered travelers. All others: \$5 for FAM members, \$10 for non-members.

Saturday, May 5, 2018

This new exhibition celebrates the 100-year anniversary of the discovery of King Tut's tomb in 1918. It is the largest King Tut exhibition to ever tour and includes over 150 artifacts, many of which were used by the boy king in both life and after death. Sixty of the items in the exhibition make their debut outside of Egypt.

Included is a dramatic new multimedia presentation that complements the exhibition and takes you on an immersive journey of the pharaoh's quest for immortality. Follow the boy king as he travels from the underworld through the twelve gates and to the afterlife.

Discover how the scientific analysis of King Tut's 3,300-year-old mummy has revealed new information about his health and lineage, as well as how cutting-edge technologies have played a role in discovering new tombs and analyzing existing ones in ways never before imagined.

Don't miss this once-in-a-lifetime exhibition! We only have a limited number of tickets available and anticipate that this trip will sell out.

Booking deadline for registration:
Thursday, April 26, 2018 at 5 pm
