SUMMER 2016 Visual Art WORKSHOPS for Kids & Teens

FAM FRESNO
ART MUSEUM

July 11 to August 5, 2016

Why are FAM workshops extra special?

Our workshops are taught by working professional artists who bring their special talents and knowledge to every session they teach. All of our teaching artists have had training and experience in working with children or are paired with an artist with teaching experience. All strive to transfer their own love of the arts to each of their students in a lively, engaging, and exciting way.

The Fresno Art Museum is a unique environment where students can be inspired and exposed to world-class artwork and antiquities, not just images in a book or posters on a wall. FAM has been a part of the Fresno art community since 1949, and we have been told by many that classes at the Museum were a big part of their growing up in Fresno, creating long-lasting and wonderful memories. Our goal is to continue that legacy by offering classes to engage children and foster a love for the arts, learning, and discovery.
