Why is taking an art class in the Museum extra special?

The experience of having an art class in the Museum is unique in that students are exposed to and inspired by great art and artists. Where else in Fresno can you be in such company as Ansel Adams and Diego Rivera?!

Our art teachers have a deep commitment to education, knowledge about our collection and exhibitions, and an understanding of art theory. They are working artists too.

Classes will integrate art history, visual art techniques, studio practice, and lessons that will allow each student to bring out that inner creativity and the joy and satisfaction that comes with making art.
