Students will explore the Elements of Art and how they apply to the Principles of Design through a variety of media in ALL of our workshops.

Why are FAM workshops extra special?

The Museum is a unique environment where children can be inspired and exposed to original world-class artwork and antiquities, not just images in a book or posters on a wall. We have been told by many that classes at the Museum were a big part of their growing up in Fresno, creating long-lasting and wonderful memories. Our goal is to continue that legacy by offering workshops to engage children and foster a love for the arts, learning, and discovery.

Our workshops are taught by working and teaching professional artists who bring their special talents and knowledge to every session they teach. All of our teaching artists have had training and experience in working with children, and all strive to transfer their own love of the arts to each of their students in a lively, engaging, and exciting way.

* Family level members and above receive the member discount for students living in the member's household. Go to fresnoartmuseum.org/joinnow for details on membership.

No refunds, unless classes are canceled by the Museum. The Museum may substitute instructors or classes, if necessary. All fees must be paid in advance. The Museum will not tolerate bullying, disruptive, violent, or otherwise inappropriate behavior and retains the right to send any child who exhibits such behavior home, without refund.

June 16-20, 2025

Exploring Drawing & Painting (AM)

Students will explore our galleries and create their own art by drawing and painting with pencil, ink, charcoal, pastels, oil pastels, and acrylic paint. They will explore different drawing and painting techniques and create works in a variety of different genres.

Stop-Motion Animation (PM)

Create stop-motion animation films! Work as part of a team or on your own to create stories and animated short films using drawing, painting, and 3D objects and stop-motion animation techniques. Celebrate with a "Film Festival" at the end of the week.

June 23-27, 2025

Capture the Face! (AM)

Learn the secret to creating realistic and abstract portraits by drawing, painting, or with a camera. Discover how to map a face by understanding the basic shapes and proportions, and then learn how to abstract them, too! All students must have a SmartPhone capable of taking pictures or other digital camera.

Super Mud! (PM)

Students will learn how to successfully create and manipulate hand-built clay vessels and sculptures and learn the art of glazing and painting their ceramic pieces. Be inspired by the *Tony Natsoulas: Artist Heroes* exhibition of ceramic funk art.

August 11-15, 2025

Be Inspired! (AM)

Each day come and explore different master artists including Basquiat, Yayoi Kusama, Kehinde Wiley, Pablo Picasso, Frida Kahlo and others, and create works of art inspired and in homage to them.

Fun with Mixed Media (PM)

Be inspired by *The Most Magnificent Makers A to Z* and some of our other exhibitions and delve into a variety of media from assemblage to collage with fiber, paper, paint, discarded elements, cardboard, and found and natural materials.
