A BUS EXCURSION to Oakland

Marvel at the spectacular artwork and large-scale installations from one of the most widely-celebrated cultural events in the world!

Each year the weeklong *Burning Man* event attracts over 70,000 people to Nevada's Black Rock Desert where participants create and build Black Rock City, a temporary metropolis where experimental art installations—some ritually burned to the ground—are the centerpiece for innovators, makers, and a burgeoning artistic community.

This is an immersive and multi-sensory experience with deep connections to California and the Bay Area which extends beyond the OMCA gallery walls. The exhibition was organized by the Smithsonian American Art Museum's Renwick Gallery in Washington, D.C.

If you love art, but hate dust and dirt this is your chance to experience this annual phenomenon while keeping your hands clean!
If you have been there, its a chance to relive the experience in a different environment.

Prior to the trip, FAM Executive Director & Chief Curator Michele Ellis Pracy will give a talk in FAM's Bonner Auditorium on Wednesday, January 29 at 5 pm about the art & history of *Burning Man*. Free to all registered travelers | \$5 for Museum members not on trip | \$10 for non-members not on trip.
